

# BOXER 427 TRACKED MINI SKID FOR SALE

The compact and powerful 400 Series is BOXER's middleweight contender in the mini-skid arena. The 400 Series is available as tracked machines in either diesel or gas versions, with the 427W rounding out the series as the quick and nimble wheeled version. With a two-pump 3000 psi hydraulic operating system creating 12.6 gpm of hydraulic flow, the 400 Series is able to handle full size attachments up to a 36" auger and a 48" trencher.

MACHINE INCLUDES BUCKET ONLY, ATTACHMENTS ARE ADDITIONAL
